EXPERIENCE

Instructional Designer

BOMI International · Feb '17 – Present

I create learner performance assessments and develop or update digital and print course materials for online, blended, and in-person adult education.

Instructional Design Consultant

eCornell · Mar '16 – Present

I build learning tools, video annotations, job aids, and learner assessments for online courses.

Computer Science Writer

Shmoop · Sep '16 – Mar '17

I authored sample code and questions for Advanced Placement Computer Science test preparation.

Teaching Assistant

Ithaca College · Aug '14 – Dec '16

I assisted in developing curricula and grading assignments for Java, Python, and media design courses. I hosted content review sessions multiple times a week.

Web Programmer

Park Productions · Jan '16 – Dec '16

I collaborated with the production staff to create an online platform for their body positivity campaign.

Computer Science Researcher

Ithaca College · Jan '16 – Dec '16

I used Java and Javascript to help develop an intelligent tutoring system for an introductory Python course. I authored assessment questions and content for the online textbook.

Teaching Assistant

CTY Summer Camp · Jun '15 – Aug '15

I assisted in creating activities and teaching computer science to middle and high school students.
